Our meats can be supplied in the required cuts or trimmed, portioned, prepared and packed to your individual requirements — just ask.

## SCOTCH & BRITISH BEEF

We source our beef from the highlands of Scotland and the South West of England because these are the areas with vast green clean pastures far from industry with pure spring water where the large herds are reared with expert care from selection in conception through to slaughter.

Three things are essential in the rearing of the best beef; environment, welfare, and using only selected suckler herds. Diet and welfare have the greatest influence on eating quality.

Definition of suckler herds:

The majority of beef in the UK, France and the Continent is dairy beef—that is to say a by-product of the dairy industry where cows must calf each year to produce milk for human consumption. Suckler herds are specially bred cattle for beef where the herd run together and the young calf suckle from their mother's milk as nature intended.

We offer a full range of cuts. Below is a small selection. All our beef is traditionally dry aged for a minimum of 28 days and is the finest available.

## JAPANESE WAGYU & KOBE:

### AUSTRALIAN, CHILELAN & UK WAGYU

The 'Caviar' of beef. Arguably the very best beef in the world. Two of the most highly rated brands of Japanese wagyu are Kobe beef and Ohmi beef. They are both produced from cattle raised in the Kansai region of Japan. Both of these types of wagyu are produced from calves of the Tajima bloodline, born in Hyogo prefecture, which are then raised by farmers in other regions. They take on the names of Kobe beef or Ohmi beef depending in which region they are raised.

Kobe is the most famous and widely known brand of wagyu produced in the Kobe City area of Hyogo prefecture. The cattle are raised on a carefully prepared diet including selected rice plants and grains. The meat is particularly known for having a delicate, rich sweetness and a unique aroma. The specification of the products is quite different from that of the Australian and Chilean wagyu. The tenderloins are all chain on, and it is the Japanese custom that all of the cuts come trimmed to a much lesser degree than we would normally be accustomed.

The shelf life on the products are much shorter than for the Australian and Chilean wagyu Tajima is the brand name for the wagyu produced in Kobe that does not grade high enough to be branded as Kobe beef. Kagoshima is a brand of wagyu beef that is reared near the southern most point of Japan. Wagyu is also available from Australia, Chile and the UK. Wagyu is graded by its fat content 'marbling' Only the meat from these extraordinary breeds of cattle is heavily marbled with fat, giving it a luxurious and rich flavour and texture. Graded by marble score, marble score 9 being the highest grade readily available and the most popular amongst our private clients, offering the highest degree of marbling.

## LAMB

We have long since thought that Cornwall and Devon are the perfect places to grow lamb, granite based pastures is a haven for natural wild herbs to grow. The slightly warmer climate and clean air are due to the lack of road pollution and wonderful sea breezes help to develop the natural flavour and the rugged but non-mountainous terrain mean that the lambs are worked enough so as to reduce unwanted fat but not so much as to create excessive muscle.

We favour Lamb raised in Cornwall due to the lush, consistent quality of the pastures. Dry ageing the lamb for 5/6 days will ensure it has the finest appearance and eating qualities.

## VEAL

The English veal market cannot supply anything but the very smallest quantities and Britain now imports 99.4% of its veal. We looked carefully into where we could source veal ethically and with consistent taste and quality. The Dutch have a terrific system; the meat is succulent, very tender, light in colour and comes from calves that are approximately 26 weeks.

Succulent milk fed veal with full traceability and grading and a consistently great taste. Animal welfare is the key in both rearing, transporting and slaughtering of this outstanding meat.

The two main types of Spanish hams are Serrano 'white hoof' (pata Blanca)—and Iberian 'black hoof' (pata negra or Iberico). These two types have distinctive aroma, flavour and colour. ## DUCK

Our ducks are exclusively bred in the heart of East Anglia, producing succulent, meaty and flavoursome ducks. The ducks have a rich delicately gamey flavour and around 20% more breast meat than other ducks. The duck livers are ideal for salads, pates and casseroles. The ducks are traditionally dry plucked which means not only do they look better but they shrink less during cooking and have a crisp flavoursome skin.

## GAMMON & HAM

### Sandridge Farm hams

#### The Brumham

Starts its long maturation as a dry cured ham and then goes into a darker mood with molasses and juniper to finally emerge about eight months later with a coal black rind hiding its ruby red centre.

#### The Devyses

With its strong brewing connection, no surprise to find the rich flavour of the hops coming through.

#### The Trubridge

A dry cure, rare nowadays, because of the time it takes and the weight losses, similar to York ham, preferred by those with a delicate palate.

#### The Chipnam

A traditional ham that has a deep pink colour and is firm when cut. Its full flavour made it the favourite dish on the farmhouse table at Harvest suppers.

#### The Golden Rind

A ham naturally smoked over oak and beach sawdust for 2–3 days recreating the essence of Farmhouse Inglenook smoking.

## WILD BOAR, AFRICAN GAME & EXOTIC MEATS

---

We supply both Australian and European wild boar. Both are culled from wild animals to produce a firm textured, full flavoured meat.

European wild boar forage open pastures and woodland, on acorns, roots and saplings. European wild boar forego open pastures and woodland on acorn, roots and saplings. The Aussie boars feed in the outback—a much sparser diet produces a lighter meat in texture, colour and flavour than its European counterpart.

We offer a full range of African game and other exotic meats. Springbok, ostrich, bison, kangaroo, crocodile and more.

## SMOKED SCOTTISH SALMON

Inspired by the exceptional quality of fresh Scottish salmon, Harry Forman developed a cure that complemented its unrivalled flavour. The deliciously mild London Cure was born and soon it was the talk of reputable establishments around the capital. A century later H. Forman & Son remains a family concern, the last of the original London smokeries, with Lance Forman, Harry's great grandson, flying the flag for the famous London Cure.

Remaining faithful to principles established in 1905—the freshest salmon, a little salt, just the right amount of oak smoke—he is upholding traditional values and skills that would otherwise have died out long ago, along with one of gastronomy's finest foods.

Salmon is the oldest gourmet food known to man. Throughout the ages this magnificent 'King' of fish has adorned the table of many a royal feast and banquet.

The curing and smoking of salmon are crafts that take years to master. Our main supplier takes pride in maintaining the excellent traditions of Salmon, so that our genuine wild smoked scottish salmon from the River Tay is justly regarded as the world's finest.

A close-up photograph of a chef's hands. The chef is wearing a white uniform. One hand is holding a small amount of white powder (likely salt or sugar) between the fingers, and the other hand is holding a small amount of the same powder in the palm. The powder is being sprinkled onto a plate of food. The food includes a piece of meat with a dark sauce, some vegetables, and a garnish of fresh herbs. The background is blurred, showing a kitchen setting.

## TERMS & CONDITIONS

### 1.0 – HOW THE CONTRACT IS FORMED

1.1: After the Customer places an order (whether by email, telephone or fax) with the Supplier for Goods or Services (Order), the Customer may receive an e-mail or fax from the Supplier (or one of the Supplier's agents or representatives) acknowledging that the Supplier has received the Customer's order (an Order Acknowledgement). The issue of an Order Acknowledgement does not mean that the Customer's Order has been accepted, and the Order constitutes an offer to the Supplier to buy any relevant Product or Service ordered. All Orders are subject to acceptance by the Supplier, and the Supplier will confirm such acceptance by sending the Customer (or the Supplier's agent or representative) an e-mail (or fax) to confirm that the Goods and/or Services will be (or have been) dispatched (an Order Confirmation). The contract between the parties (Contract) will only be formed when the Supplier sends the Order Confirmation, which is subject to these Terms & Conditions of Supply (Conditions).

1.2: The Contract will relate only to those Goods or Services confirmed in the Order Confirmation, and the Supplier will not be obliged to supply any other Goods or Services which may have been part of the Customer's Order until this is confirmed in a separate Order Confirmation from the Supplier.

1.3: All of these Conditions shall apply to the supply of both Goods and Services except where application to one or the other is specified. These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

1.4: Any samples, drawings, descriptive matter or advertising issued by the Supplier and any descriptions of the Goods or the Services contained on the Supplier's website or in any of its catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the Services and/or Goods described in them. They shall not form part of the Contract or have any contractual force.

1.5: Any quotation given by the Supplier shall not constitute an offer, and is only valid for a period of 7 working days from its date of issue. Quotations and price lists provided by the Supplier for fresh, perishable and/or seasonal produce are estimates only for guidance purposes, and prices payable by the Customer are determined at the time of purchase based upon prevailing market prices.

1.6: The Contract (and/or any Goods or Services or instalments of Goods or Services comprised in the Contract) may only be cancelled by the Customer with the Company's prior written consent, and upon cancellation the Company shall be entitled to invoice the Customer for all work carried out to date by the Company under the Contract including any costs and expenses incidental to that work (including where appropriate those costs and expenses referred to in clause 3.5).

### 2.0 – GOODS SPECIFICATION

2.1: The Goods are described on the Supplier's website, in its catalogue or in any written Goods specification agreed.

2.2: To the extent that any Goods are manufactured or supplied in accordance with a specification supplied by the Customer, the Customer shall indemnify the Supplier against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal and other professional costs and expenses) suffered or incurred by the Supplier in connection with any claim made against the Supplier for actual or alleged infringement of a third party's intellectual property rights arising out of or in connection with the Supplier's use of the Customer's specification. This clause 2.2 shall survive termination of the Contract.

2.3: The Supplier reserves the right to amend the specification of the Goods if required by any applicable statutory or regulatory requirements.

### 3.0 – DELIVERY OF GOODS

3.1: The Supplier shall ensure that where reasonably practicable each delivery of Goods is accompanied by a delivery note which shows the Order reference number(s), the type and quantity of the Goods and, if the Order is being delivered by instalments, the outstanding balance of Goods remaining to be delivered.

3.2: The Supplier shall deliver the Goods to the location set out in the Order Confirmation or such other location as the parties may agree (Delivery Location) and the Supplier may use agents for such purpose in appropriate cases. Delivery of the Goods shall be completed on the Goods' arrival at the Delivery Location and handover to the Customer (or the Customer's agent or representative). Any use by the Customer of agents or representatives is subject to the provisions of clause 10.

3.3: Any dates quoted for delivery of the Goods are approximate only, and the time of delivery is not of the essence. The Supplier shall not be liable for any delay in delivery of the Goods that is caused by a Force Majeure Event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

3.4: If the Supplier fails to deliver the Goods, its liability shall be limited to the costs and expenses incurred by the Customer in obtaining replacement goods of similar description and quality in the cheapest market available, less the price of the Goods. The Supplier shall have no liability for any failure to deliver the Goods to the extent that such failure is caused by a Force Majeure Event, or the Customer's failure to provide the Supplier with adequate delivery instructions for the Goods, or any relevant instruction related to the supply of the Goods.

3.5: The Customer acknowledges that Goods ordered will often be perishable in nature, and accordingly if the Customer either cancels the Contract or fails to accept delivery of the Goods within 3 working days of the Supplier notifying the Customer that the Goods are ready, then the Supplier may resell part or all of the Goods (where this is reasonably practicable) or otherwise dispose of them. In these circumstances, the Supplier shall charge the Customer for the price of the Goods, together with reasonable additional transportation and insurance costs, storage and selling costs and any relevant import duties and taxes (after deducting the price of any Goods resold by the Supplier).

3.6: The Customer shall not be entitled to reject the Goods if the Supplier delivers up to and including 5 per cent more or less than the quantity of Goods ordered, but a pro-rata adjustment shall be made to the Order invoice on receipt of notice from the Customer that the wrong quantity of Goods was delivered. The Supplier may deliver the Goods by instalments, which shall be invoiced and paid for separately. Each instalment shall constitute a separate contract. Any delay in delivery or defect in an instalment shall not entitle the Customer to cancel any other instalment.

### 4.0 – QUALITY OF GOODS

4.1: The Supplier warrants that on delivery the Goods shall conform in all material respects with their description and be of satisfactory quality (within the meaning of the Sale of Goods Act 1979).

4.2: Subject to clause 4.3, if:

(a) some or all of the Goods do not comply with the warranty set out in clause 4.1, the Customer must give written notice (by email) to the Supplier as soon as reasonably possible following delivery and discovery of the defect or failure (and in any event within 24 hours of delivery where the defect or failure was or should have been apparent on reasonable inspection); and

(b) the Supplier is given a reasonable opportunity (where reasonably practicable) of examining such Goods; and

(c) the Customer (where reasonably practicable and if asked to do so by the Supplier) returns such Goods to the Supplier, then the Supplier shall, at its option, repair (where appropriate) or replace the defective Goods, or refund the price of the defective Goods in full.

4.3: The Supplier shall not be liable for the Goods' failure to comply with the warranty in clause 4.1 if:

(a) the Customer does not notify the Supplier in accordance with Condition 4.2 or allow the Supplier to examine them;

(b) the Customer makes any further use of such Goods after giving a notice in accordance with clause 4.2, or alters or repairs such Goods without the written consent of the Supplier;

(c) the defect arises because the Customer failed to follow the Supplier's oral or written instructions as to the storage, use or maintenance of the Goods or (if there are none) good trade practice, or as a result of fair wear and tear, wilful damage, negligence, or abnormal working conditions;

(d) the defect arises as a result of the Supplier following any specification supplied by the Customer, or the Goods differ from their description or specification as a result of changes made to ensure they comply with applicable statutory or regulatory standards.

4.4: Except as provided in this clause 4, the Supplier shall have no liability to the Customer in respect of the Goods' failure to comply with the warranty set out in clause 4.1.

4.5: The terms of these Conditions shall apply to any repaired or replacement Goods supplied by the Supplier under clause 4.2.

### 5.0 – TITLE AND RISK

5.1: The risk in the Goods shall pass to the Customer on completion of delivery to the Customer or the Customer's agent or representative as provided in clause 3.

5.2: Title to the Goods shall not pass to the Customer until the Supplier has received payment in full (in cash or cleared funds) for the Goods and any other goods that the Supplier has supplied to the Customer in respect of which payment has become due. Until title to the Goods has passed to the Customer, the Customer shall:

(a) hold the Goods on a fiduciary basis as the Supplier's bailee;

(b) not remove, deface or obscure any identifying mark or packaging on or relating to the Goods;

(c) store the Goods appropriately so that they remain readily identifiable as the Supplier's property and in a satisfactory condition and keep them insured against all risks for their full price on the Supplier's behalf from the date of delivery;

(d) notify the Supplier immediately if it becomes subject to any of the events listed in clause 14.2(a) to clause 14.2(l); and

(e) give the Supplier such information relating to the Goods as the Supplier may require from time to time, but the Customer may resell or use the Goods in the ordinary course of its business.

5.3: If before title to the Goods passes to the Customer the Customer becomes subject to any of the events listed in clause 14.2(a) to clause 14.2(l), or the Supplier reasonably believes that any such event is about to happen and notifies the Customer accordingly, then, provided the Goods have not been used, resold, or irrevocably incorporated into another product, and without limiting any other right or remedy the Supplier may have, the Supplier may at any time require the Customer to deliver up the Goods and, if the Customer fails to do so promptly, enter any premises or vessel of the Customer or of any third party where the Goods are stored in order to recover them.

### 6.0 – SUPPLY OF SERVICES

6.1: The Supplier warrants to the Customer that the Services will be provided using reasonable care and skill. The Supplier shall provide the Services to the Customer in all material respects in accordance with any Services specification agreed.

6.2: The Supplier shall use all reasonable endeavours to meet any performance dates for the Services agreed with the Customer, but any such dates shall be estimates only and time shall not be of the essence for the performance of the Services.

6.3: The Supplier shall have the right to make any changes to the Services which are necessary to comply with any applicable law or safety requirement, or which do not materially affect the nature or quality of the Services, and the Supplier shall notify the Customer in any such event.

### 7.0 – CUSTOMER'S OBLIGATIONS

7.1: The Customer shall:

(a) ensure that the terms of the Order and Order Confirmation and (if submitted by the Customer) any Goods or Services specification(s) are complete and accurate;

(b) co-operate with the Supplier in all matters relating to the Contract;

(c) provide the Supplier, its employees, agents, consultants and sub-contractors, with access to the Customer's vessels, premises, office accommodation and other facilities as reasonably required by the Supplier to provide the Services;

(d) provide the Supplier with such information and materials as the Supplier may reasonably require to supply the Goods or Services, and ensure that such information is accurate in all material respects (which information may include, for example, the Customer's vessel's status for Duty Free compliance purposes, and/or the provision of the Customer's vessel's registration papers and charter contract);

(e) prepare the Customer's premises for the supply of the Services (where required) and obtain and maintain all necessary licences, permissions and consents which may be required for the Services before the date on which the Services are to start; and

(f) keep and maintain all materials, equipment, documents and other property of the Supplier (Supplier Materials) at the Customer's premises in safe custody at its own risk, maintain the Supplier Materials in good condition until returned to the Supplier, and not dispose of or use the Supplier Materials other than in accordance with the Supplier's written instructions or authorisation.

7.2: If the Supplier's performance of any of its obligations under the Contract is prevented or delayed by any act or omission by the Customer or failure by the Customer to perform any relevant obligation (Customer Default):

(a) the Supplier shall without limiting its other rights or remedies have the right to suspend performance of the Services or delivery of any Goods until the Customer remedies the Customer Default, and to rely on the Customer Default to relieve it from the performance of any of its obligations to the extent the Customer Default prevents or delays the Supplier's performance of any of its obligations;

(b) the Supplier shall not be liable for any costs or losses sustained or incurred by the Customer arising directly or indirectly from the Supplier's failure or delay to perform any of its obligations as set out in this clause 7.2; and

(c) the Customer shall reimburse the Supplier on written demand for any costs or losses sustained or incurred by the Supplier arising directly or indirectly from the Customer Default.

#### 8.0 – CHARGES AND PAYMENT

8.1: The price for Goods shall be the price set out in the Order Confirmation or, if no price is quoted, the price shall be determined at the time of purchase by prevailing market conditions and prices for the Goods concerned. The price of the Goods is exclusive of all costs and charges of packaging, insurance, transport of the Goods, which shall be paid by the Customer when it pays for the Goods.

8.2: Unless otherwise agreed in writing between the parties, the charges for Services shall be on a time and materials basis calculated in accordance with the Supplier's standard rates from time to time for the Services concerned. The Supplier shall additionally be entitled to charge the Customer for any expenses reasonably incurred by the individuals whom the Supplier engages in connection with the Services including, but not limited to, travelling expenses, hotel costs, subsistence and any associated expenses, and for the cost of services provided by third parties and required by the Supplier for the performance of the Services, and for the cost of any materials.

8.3: The Supplier reserves the right to increase its standard rates for the charges for the Services, or increase the price of the Goods, by giving notice to the Customer at any time, to reflect any increase in the costs to the Supplier that are due to:

(a) any factor beyond the control of the Supplier (including market price fluctuations applicable to fresh, perishable and/or seasonal Goods, foreign exchange fluctuations, increases in taxes and duties, increases in labour, increased costs in obtaining supplies of materials or in delivery costs);

(b) any request by the Customer to change the delivery date(s), Delivery Location(s), quantities or types of Goods or Services ordered, or applicable specification(s); or

(c) any delay caused by any instructions of the Customer or failure of the Customer to give the Supplier adequate or accurate information or instructions.

8.4: Notwithstanding any other provisions in these Conditions, the Customer shall be entitled to open a trading/credit account with the Supplier only with the prior agreement of the Supplier. The Supplier shall be entitled to cancel or amend the level of any credit granted to the Customer in its sole discretion upon notice to the Customer. If the Customer does not have a trading/credit account with the Supplier, the Customer shall be required to pay amounts due to the Supplier under the Contract prior to delivery of the Goods and/or performance of the Services.

8.5: In respect of Goods, the Supplier shall invoice the Customer on or at any time after completion of delivery. In respect of Services, the Supplier shall invoice the Customer weekly or monthly in arrears.

8.6: The Customer shall pay each invoice submitted by the Supplier:

(a) within 7 days of the date of the invoice; and

(b) in full and in cleared funds to a bank account nominated in writing by the Supplier, and time for payment shall be of the essence of the Contract.

8.7: All amounts payable under the Contract are exclusive of value added tax chargeable from time to time (VAT). Where any taxable supply for VAT purposes is made under the Contract, the Customer shall, on receipt of a valid VAT invoice from the Supplier, pay to the Supplier such additional amounts in respect of VAT as are chargeable at the same time as payment is due for the Goods and any Services.

8.8: Without limiting any other right or remedy of the Supplier, if the Customer fails to make any payment due to the Supplier under the Contract by the due date for

payment (Due Date), the Supplier shall have the right to charge interest on the overdue amount at the rate of 4% per 6850790v6 2 annum above the then current HSBC plc base lending rate accruing on a daily basis from the Due Date until the date of actual payment of the overdue amount, whether before or after judgment, and compounding quarterly. The Supplier also reserves the right to claim and charge the Customer interest (and reasonable compensation for debt recovery costs) under the terms of The Late Payment of Commercial Debts (Interest) Act 1998.

8.9: The Customer shall pay all amounts due under the Contract in full without any deduction or withholding except as required by law and the Customer shall not be entitled to assert any credit, set-off or counterclaim against the Supplier in order to justify withholding payment of any such amount in whole or in part. The Supplier may, without limiting its other rights or remedies, set off any amount owing to it by the Customer against any amount payable by the Supplier to the Customer.

#### 9.0 – IMPORT DUTY

9.1: In relation to Goods ordered for delivery outside the United Kingdom, the Customer will be responsible for payment of any import duties and taxes which are levied when the Goods reach Delivery Location. The Customer (or its agent or representative) will be responsible for payment of any such import duties and taxes. Please note that the Supplier has no control over these charges and cannot predict their amount, and the Customer should contact its local customs office for further information before placing an Order.

9.2: The Customer must comply with all applicable laws and regulations of the country for which the Goods are destined. The Supplier will not be liable for any breach by the Customer of any such laws.

#### 10.0 – RESPONSIBILITY FOR STAFF, EMPLOYEES, AGENTS & SUB-CONTRACTORS

10.1: The Customer shall be responsible for all acts and omissions of its staff, employees, agents, representatives and sub-contractors (including without limitation local agents and representatives in respect of the Customer's vessel, and for the captain and all crew of the Customer's vessel) and the acts and omissions of those employed or engaged by such persons as if they were its own, and shall be directly liable to the Supplier for any breach by any such person of these Conditions or the Contract. An obligation on the Customer to do, or to refrain from doing, any act or thing shall include an obligation on the Customer to procure that all such persons also do, or refrain from doing, such act or thing.

10.2: The Customer shall indemnify and hold harmless the Supplier from and against amounts payable for all Goods ordered, Services charges and any additional amounts incurred by the Customer's staff, employees, agents and sub-contractors and all claims and losses arising from loss, damage, liability, injury to the Supplier, its employees, agents, sub-contractors and third parties, infringement of third party intellectual property, or third party losses by reason of or arising out of any act or default of the Supplier, its staff, employees, agents and sub-contractors.

10.3: The Customer expressly authorises the Supplier to deal with any and all persons, firms or companies held out by the Customer as its agent or representative (including in particular local agents and representatives in respect of the Customer's vessel) in all matters relating to the Contract as if it were dealing with the Customer directly and without any requirement for the Supplier to obtain further express authorisation from the Customer. Accordingly unless otherwise specified by the Customer in writing, such agents and representatives shall have full authority to place orders for and take delivery of Goods and Services on the Customer's behalf on a continuing basis without limitation.

#### 11.0 – INTELLECTUAL PROPERTY RIGHTS

11.1: All Intellectual Property Rights in the Goods and in or arising out of or in connection with the Services shall be owned by the Supplier. The supply of Goods by the Supplier shall not confer any right upon the Customer to use any of the Supplier's trade marks (except in the re-sale of the Goods in the packaging supplied by the Supplier), or any of the Supplier's patents, design rights or other industrial or intellectual property rights, and at all times such patents, trade marks, design rights and other industrial or intellectual property rights shall remain the absolute property of the Supplier (or its suppliers).
